Overview

This bill allows medication therapy management services to be provided by two-way interactive video if certain conditions are met.

Section

- 1 Medication therapy management services.** Amends § 256B.0625, subd. 13h. Allows a pharmacist to provide medication therapy management services by two-way interactive video if there are no pharmacists practicing within a reasonable geographic distance of the patient who meets the requirements to provide the service. Provides that reimbursement shall be at the same rates and under the same conditions as would otherwise apply. Requires the pharmacist to meet the requirements to provide medication therapy management services and to be located within an ambulatory care setting approved by the commissioner. Requires the patient to be located within an ambulatory care setting approved by the commissioner and prohibits services from being transmitted into the patient's residence.
